Diamond Systems Announces End of Life for the 300MHz model of the Helios PC/104 Single Board Computer

Due to continued low volume and rising costs of the Helios 300MHz single board computer, Diamond Systems is making obsolete immediately the HLV300-128DV model. The 800MHz models of Helios are not affected by this notice.

The HLV300-128DV is no longer available. Diamond has no inventory on hand for this Helios model, and will not be producing additional units.

For future needs, customers should order the 800MHz version of the Helios single board computer, model HLV800-256DV, which is a drop in replacement for the HLV300-128DV available from Diamond Systems.
